

API 'S & Excipients

- Acetic acid glacial
- Acetone
- Acetonitrile
- Benzoic acid
- Benzyl alcohol
- Benzyl benzoate
- Butylated hydroxyanisole
- Butylated hydroxytoluene
- Calcium acetate
- Calcium chloride dihydrate
- Calcium saccharate
- Citric acid anhydrous Citric acid monohydrate
- Creatinine
- Cyclohexane
- Dibutyl phthalate
- Diethanolamine
- Diethyl phthalate
- Diethyl sebacate
- Diethylene triamine pentaacetic acid (Pentetic acid)
- Diisopropanolamine
- Dimethyl sulfoxide
- Dioctyl sodium sulphosuccinate
- di-Sodium hydrogen o-phosphate anhydrous di-
- Sodium h
- ydrogen o-phosphate dodecahydrate
- di-Sodium hydrogen o-phosphate heptahydrate di-
- Sodium hydrogen o-phosphate monohydrate
- EDTA calcium disodium
- EDTA di-sodium salt dihydrate
- Ethyl acetate
- Fumaric acid
- Glycerin
- Glycerol 85%
- Glycine
- Hexylene glycol
- Isopropyl alcohol (IPA)
- L-(+)-Lactic acid
- Levulinic acid
- Magnesium chloride hexahydrate
- Magnesium oxide light
- Maleic acid
- di-Maleic acid
- Meglumine
- meta-Cresol
- Methane sulphonic acid
- Methyl alcohol (Methanol)

- Methyl salicylate
- Methylene chloride (Dichloromethane)
- Monosodium glycine carbonate
- Monothioglycerol
- n-Butyl acetate
- n-Butyl alcohol
- N,N-Dimethyl acetamide
- n-Heptane
- n-Hexane
- N-Methyl-2-pyrrolidone
- Oxalic acid
- Phenol ,Phenoxyethanol
- Phenyl ethyl alcohol
- Phosphoric acid
- Polyethylene glycol 400
- Potassium chloride
- Potassium di-hydrogen ortho-phosphate
- Propylene carbonate
- Propylene glycol
- Salicylic acid
- Sodium acetate anhydrous
- Sodium acetate trihydrate
- Sodium benzoate
- Sodium bicarbonate
- Sodium bisulfite
- Sodium caprate
- Sodium carbonate anhydrous
- Sodium chloride
- Sodium di-hydrogen o-phosphate anhydrous
- Sodium di-hydrogen o-phosphate dihydrate
- Sodium di-hydrogen o-phosphate monohydrate
- Sodium metabisulphite
- Sodium sulfite anhydrous
- Sodium tartrate
- Sorbic acid
- Succinic acid
- Tartaric acid
- Tert-Butanol
- Tetraethyl orthosilicate
- Tetrahydrofuran
- Thimerosal
- Toluene
- Triacetin
- Triethyl citrate
- Tri-Sodium citrate dihydrate
- Trolamine (Triethanolamine)
