- No lubrication required
- Noiseless performance
- Absolutely portable
- Totally oil-free construction
- Practically maintenance-free
- All parts made from special graded aluminium die cast material for light weight and good strength
- Diaphragms are made of special 2-ply nylon reinforced neoprene rubber
- Special diaphragms available (TEFLON / VITON etc.)
- Valve made of SS 316 material
- Built-in-micro suction filter
- Pumps available with single phase motor
- Pumps available with flame proof motor
- Pumps available with vacuum guage and regulator
- Pumps available with chemical resistive parts (PP, TEFLON contact parts) (CRP suffixed models)
- Pumps available with SS 316 contact parts
- Pumps available in 220/110 V AC motors
- Pumps available for gas charging in A/Cs (Model -25-AX)
- Ideally suited for original equipment manufacturers
- -25-S & PCI-75-S are double stage vacuum pumps
- Speed : 1440 rpm
- Noise level : <76 dB
